Celeste Pole Marquee

Marquee Description

Celeste Pole Marquees have reinforcing patches on Roof Sheets at Wall and King Pole points. They have no ridge pole and are supported by King Poles and Wall Poles positioned at 9' spacing around the perimeter of the round ends and 10' or 6' 6" at the Middle Sheets (dependant on fabric type). They are round ended in design.

Options

Celeste Pole Marquees are available in:

- 6m (20'), 9m (30') or 12m (40') span
- With optional middle sections of 3m, 4.5m or 6m
- Round Ended only

Apex Height

The apex height of the Marquee is governed by the King Pole (5" diameter, octagonal) used. This varies depending on span:

- 6m span using a King Pole which is 15' with 16' 6" middle length
- 9m span using a King Pole which is 19' with 21' 6" middle length
- 12m span using a King Pole which is 21' 6" with 23' 6" middle length

Eave Height

Eave Height is governed by 7' 6" high x 4" dia, octagonal Wall Poles.
